TERMS AND CONDITIONS**AGREEMENT:**

Lessor, in consideration of the covenants, promises, and agreements on the part of the Lessee, hereinafter contained, hereby leases the equipment to Lessee in accordance with the terms of this agreement.

AMENDMENTS:

The terms of this agreement shall not be waived, altered, modified, supplemented, or amended, in any manner whatsoever, except by written instrument signed by the parties.

TRANSPORTATION CHARGES:

Lessee shall pay to the Lessor transportation charges incurred by Lessor in delivering the equipment to Lessee, and shall pay all such charges to return the equipment to Lessor upon termination of the lease. If applicable, transportation charges may be included in the rental rate.

OPERATION OF EQUIPMENT:

Lessee agrees that the equipment will be operated only by competent employees and will not be operated beyond the manufacturer's rated capacity nor improperly cared for or abused. The Lessee will pay for all costs of operation including regular maintenance and all repairs necessary due to improper use. Lessor shall supply all information necessary for Lessee to properly prepare operators and maintenance for their responsibilities. The equipment shall be returned to Lessor in as good condition as received, less reasonable wear and tear.

REPAIRS:

The expense of all major repairs made during the rental period, which shall be made by the Lessor's maintenance personnel, including labor, parts, mileage and other items will be paid by the Lessor unless required repairs are due to abuse or misuse of the equipment. The Lessee agrees to pay for repair of damaged tires or excessive wear. Cuts resulting in permanent damage to a tire will be subject to repair or replacement by Lessee if due to improper use or abuse. If the machine is down for more than 24 hours due to repairs, Lessor will issue credit of the prorated rental rate, or replace with a like or similar machine, if mutually agreed upon, or the agreement may be terminated and credited accordingly.

WARRANTY:

Lessor assigns to Lessee, for and during the term of this agreement, so long as Lessee shall not be in default, all manufacturer's warranties and guarantees, express or implied, issued on or applicable to the equipment.

ALTERATIONS AND MODIFICATIONS OF EQUIPMENT:

Lessee shall not make any additions, attachments, alterations or improvements to the equipment without the prior written consent of Lessor. Any addition, attachment, alteration or improvement of equipment shall belong to and become the property of Lessor unless, at the request of the Lessor, it is removed prior to the return of such item of equipment by Lessee. Lessee shall be responsible for all costs relating to such removal and shall restore such item of equipment to its operating condition that existed at the time it became subject to the applicable lease.

LIABILITY:

Lessee and Lessor each agrees to assume its own liability for any and all claims of any nature including all costs, expenses and attorneys' fees which may in any manner result from or arise out of this agreement.

INSURANCE:

Insurance shall be secured and kept in force during the term of this agreement, from insurance companies or a government self-insurance pool authorized to do business in the state of North Dakota, to include the following coverage:

Best Company Inc., provided any excess policy follows form for coverage. "Follows form" means the excess policy must be written with the same terms and conditions as the policy to which is in excess.
- 3) Either party may request a certificate of insurance evidencing the required coverage that is in effect and providing that the coverage may not be canceled or modified without thirty (30) days prior written notice to the other party.
- 4) Failure to provide insurance as required in this agreement is a material breach of contract.

Whether rolling forwards or in reverse, the operator has a clear view of the drum edges and surroundings – delivering precise compaction and improved safety.

Introducing the DD25B, a highly efficient double drum compactor designed to increase performance and reduce fuel consumption on small scale compaction projects. Featuring the new Volvo D1.7A engine, this machine meets the strict Stage IV/ Tier 4 Final emissions regulations without adding an exhaust after-treatment system. Experience increased machine performance and enhanced productivity with Volvo.

High performance

With Volvo's high frequency compaction, the DD25B can travel faster while still maintaining the correct impact spacing necessary for high productivity and a smooth finish. The frequency can be adjusted from 3,300 vpm to 4,000 vpm to cater for different applications.

Optimized for efficiency

The new Volvo D1.7A (18.5 kW/25 hp) engine effectively meets the stringent Stage IV/ Tier 4 Final emissions regulations without the cost or complexity of an exhaust after-treatment system. The optimized eccentric system ensures a powerful performance – equivalent to machines fitted with a bigger engine.

Pressurized water system

The DD25B boasts an industry-leading water tank capacity. A rust-proof, pressurized water system provides consistent flow to the front and rear drum surfaces – eliminating asphalt pick-up. Fine filters behind each of the eight spray nozzles minimize clogging and ensure correct fan spray coverage – providing ideal wetting of the drum surface.

Reduced fuel consumption

The Volvo D1.7A engine is perfectly matched to the DD25B's hydraulic system – delivering high performance and a 7% reduction in fuel consumption.

THE VOLVO EXPERIENCE.

Urethane drum wipers

Front and rear drum wipers are made of urethane – increasing effectiveness and component lifetime as well as reducing maintenance requirements.

Auto start vibration

Vibration engages automatically when the FSR lever is moved out of neutral and disengages when the lever is put in the stop position. This eliminates the risk of accidental damage to the mat.

Reduced fuel consumption

The Volvo D1.7A engine is perfectly matched to the DD25B's hydraulic system – delivering high performance and a 7% reduction in fuel consumption.

Machined drums

Machined drums with chamfered edges are perfectly round in order to produce a smooth, mark-free mat.

360° visibility

TERMS AND CONDITIONS

AGREEMENT:

Lessor, in consideration of the covenants, promises, and agreements on the part of the Lessee, hereinafter contained, hereby leases the equipment to Lessee in accordance with the terms of this agreement.

OPERATION OF EQUIPMENT:

Lessee agrees that the equipment will be operated only by competent employees and will not be operated beyond the manufacturer's rated capacity nor improperly cared for or abused. Lessee shall be responsible for all costs relating to such removal and shall restore such item of equipment to its operating condition that existed at the time it became subject to the applicable lease.

LIABILITY:

Lessee and Lessor each agrees to assume its own liability for any and all claims of any nature including all costs, expenses and attorneys' fees which may in any manner result from or arise out of this agreement.
